- Is there always space to park?
- Is it convenient to the entrance?
- Does the garage door open automatically?

Windows & Doors

- Are windows and doors easy to open and close?
- Are locks sturdy and easy to operate?
- Do doorways accommodate a walker or wheelchair?
- Can you walk through the doorways easily?
- Is there space to maneuver while opening and closing doors?
- Does the front door have a view panel or peephole at the right height?

Lighting/Ventilation

- Are there enough lights, and are they bright enough?
- Do you have night lights where needed?
- Is area well ventilated?

Appliances/Kitchen/Bath

- Is the room arranged safely and conveniently?
- Do the oven and fridge open easily?
- Are stove controls clearly marked and easy to use?
- Is the counter the right height and depth?
- Can you work sitting down?
- Are cabinet doorknobs easy to use?
- Are faucets easy to use?
- Do you have a hand-held shower head?
- Are the items you use often on high shelves?
- Do you have a step stool with handles?
- Can you easily get in and out of the tub or shower?
- Do you have a bath or shower seat?
- Are there grab bars where needed?
- Is the hot water heater regulated to prevent scalding or burning?

Electrical Outlets/Switches/Alarms

- Can you turn switches easily on and off?
- Are outlets properly grounded to prevent a shock?
- Are extension cords in good shape?
- Do you have smoke detectors in all key areas?
- Do you have an alarm system?
- Is the telephone readily available for emergencies?
- Does the telephone have volume control?
- Can you hear the doorbell ring all throughout the house?

Problems and Ideas

Call Raymond Melanson at 1-800-924-0975 or 508-676-3518 for more information on this assessment and to arrange for assistance on any items you may need. We carry or can order most necessary home safety equipment and supplies. We can also arrange for installation and home modification if necessary.

This assessment is intended to be a general assessment and is not intended to find all safety hazards that may be present in your home. If you disagree with any findings please contact a professional inspection service to conduct a safety assessment by a licensed contractor.
